

PM AI Bootcamp

AI PM Transformation Program · English edition

Turning project managers into AI-native PMs who can direct AI, not just chat with it.

NOT training PMs to ask better chatbot questions. **YES** training PMs to run AI-first delivery with governance, telemetry, and real execution ownership.

● Human-led

Humans decide and own outcomes.

● AI-first

AI drafts and executes first.

● Outcome-first

Measure delivery, quality, and ROI.
